

Contemporary Considerations in the Management of COPD

Thursday, March 24, 2016
6:30 PM to 8:30 PM

Center for Learning and Development
& Webinar
Charlotte NC

INSTRUCTOR WILL PRESENT REMOTELY

Onsite attendees will view this program from a screen in the AHEC Conference Room.

*Co-sponsored by Charlotte AHEC and
The University of North Carolina Eshelman School of Pharmacy.*

Target Audience: Pharmacists, Pharmacy Technicians, Physicians, Physicians Assistants, and Nurse Practitioners

Goal: This knowledge-based CPE activity will provide the healthcare professional with overview of new treatment options and the emerging approaches for Chronic Obstructive Pulmonary Disease (COPD) that will improve outcomes for patients.

At the completion of this knowledge-based activity, the participant should be able to:

Pharmacist Course Objectives:

1. Describe the factors used to assess COPD in an individual patient
2. Discuss the treatment options for COPD based on disease severity
3. Identify important points in counseling and advising patients with COPD
4. Describe features and considerations for the Asthma COPD Overlap Syndrome (ACOS)

Pharmacy Technician Course Objectives:

1. List 3 factors used to assess COPD in an individual patient
2. Identify treatment class options for COPD based on disease severity

Registration:

Participants must sign in at the registration table before the start of the program. Registration and check-in will begin at 6:00 pm. Webinar participants may check into the virtual meeting space by

6:00 pm. The course begins promptly at 6:30 pm and ends at 8:30 pm with the course schedule and costs as follows:

6:00 pm to 6:30 pm	Registration, Check-In by both live and webinar participants
6:30 pm to 8:30 pm	Contemporary Considerations in the Management of COPD Dennis Williams, PharmD, BCPS, AE-C
