

Does One Size Fit All?
Dosing Considerations in the Obese Patient Population

Tuesday, March 28, 2107
6:30 PM to 8:30 PM

**Center for Learning and Development
& Webinar
Charlotte NC**

INSTRUCTOR WILL PRESENT REMOTELY

***Co-sponsored by Charlotte AHEC and
The University of North Carolina Eshelman School of Pharmacy.***

Target Audience: Pharmacists

Goal: This program will provide the healthcare professional with an overview of special considerations for dosing medications in an obese patient population and will review specific strategies for dosing commonly used medications in obese patients.

Pharmacist Course Objectives:

At the completion of this knowledge-based activity, the participant should be able to:

1. Identify differences in pharmacokinetics in obese patients compared to non-obese patients
2. Summarize the available clinical data on dosing strategies for select medications in obese patients
3. Describe evidence-based treatment regimens for commonly used medications in obese patients
4. Recognize appropriate monitoring parameters for medications commonly used in obese patients

Registration:

Participants must sign in at the registration table before the start of the program. Registration and check-in will begin at 5:30 pm. Webinar participants may check into the virtual meeting space by 6:00 pm. The course begins promptly at 6:30 pm and ends at 8:30 pm with the course schedule and costs as follows:

6:00 pm to 6:30 pm	Registration, Check-In by both live and webinar participants
6:30 pm to 8:30 pm	Dosing Considerations in the Obese patient Population Jamie Sebaaly, PharmD, BCPS
