

From the Pharmacy to the Street and Survivor Skills

Thursday

March 10, 2016

9 a.m. - 4 p.m.

Cumberland County Dept. of Social
Services, Room D
1225 Ramsey Street
Fayetteville, NC 28303

In affiliation with Duke University Medical Center
Part of the NC AHEC Program

Target Audience

Pharmacists, pharmacy technicians and nurses.

Program Description

This all day forum will provide relevant information on substance abuse, latest trends on illegal drugs and security and survivor skills for the health professionals.

Learning Objectives for Pharmacists

Upon completion of this knowledge-based course, the participant should be able to:

- Describe opioid use for various types of pain;
- Assess the effectiveness of opioid therapy;
- Define the behaviors of opioid dependency;
- Describe the types of treatments for opioid dependency;
- Define the scope of the problem of illegal substances;
- Identify current trends and the most common abuse of illegal substances;
- Describe where people are getting their drugs and the impact it has on the community;
- List pharmacy security tips;
- Review how your pharmacy can become less of a target for being robbed;
- Identify awareness of suspicious activity; and
- Perform basic survivors skills in an event of a robbery.

Learning Objectives for Pharmacy Technicians

Upon completion of this knowledge-based course, the participant should be able to:

- List the indications and effects of opioid dependency;
- Identify the treatments of opioid dependency;
- List the latest illegal substances; and
- Apply survivor skills in an a crisis situation.
